 7:00 p.m. Pre-conference Q&A with Douglas Axe and Gabriel Fluhrer

Does the universe display a structure that implies a designer? Does life at its most intricate level reveal the designer's finger prints? Is history itself witness to a grand plan? Do we intuitively know the answer to these questions is, yes?

Integrating the most recent advances in intelligent design scholarship with solid biblical theology, the Pensacola Theological Institute will examine, not merely the unmistakable scientific evidence of design in life and how the unfolding drama of history shows the hand of a Sovereign, loving Creator, but also that everyone everywhere intuitively already believes these things to be true.
